German Innovation, Enhanced Design, Endless Possibilities.

Product Specification

Product Features

Klass Highlights

Smart Cable Management & Power Integration

Adjustable tray supports integrated or segregated cable management, with punch-outs and plate options compatible with CMS, Elsafe, and other providers for tidy, flexible power integration.

Smart Intuitive Controls

A 3-point memory control with LCD readout allows customised height settings, anti-collision sensitivity, and programmed limits for ergonomic precision at the touch of a button.

Flexible Workspace Solutions

Available in single, back-to-back, and return layouts, the ergonomic design adapts to individual, collaborative, or executive setups, supporting comfort and productivity.

Certified Quality & Sustainability

AFRDI and Global Greentag certifications guarantee robust build quality and eco-friendly practices.

Quality Control

Each leg is test-cycled three times before packing, ensuring strength, reliability, and consistent quality in every unit.

German Engineering & Design

Precision-crafted with superior German technology for enhanced durability and aesthetics.

Frame Operation

<46dB sound rating and 38mm/s adjustment speed.

Extension Kit

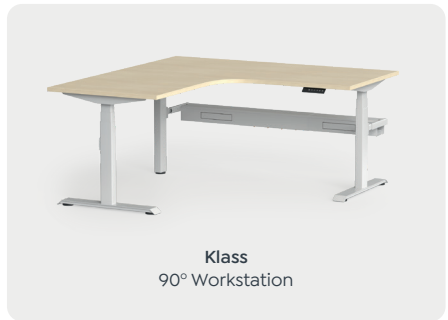

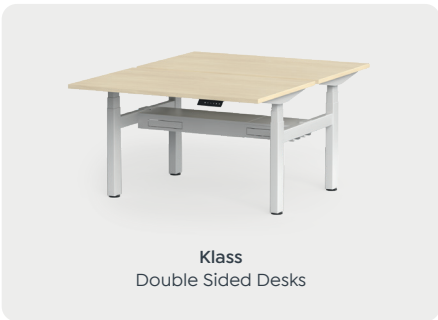

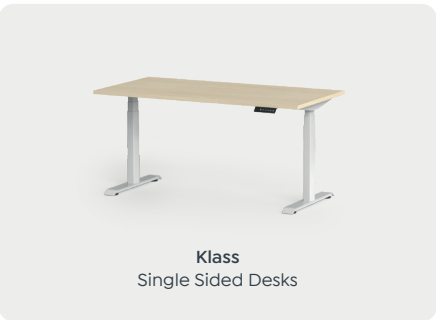

Need a larger span frame. Increase frame width from 1800 - 2200mm with the extension kit. Available to purchase separately.

Additional Features

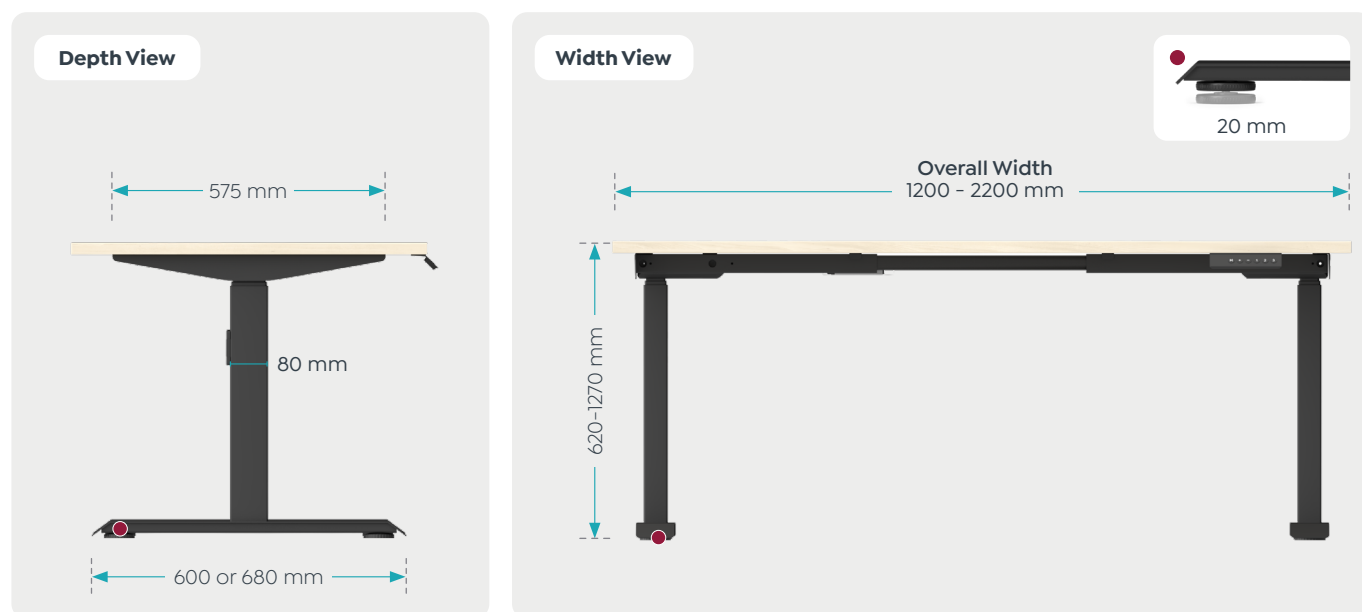

Worktop corners has an option to be rounded. View detailed shots for reference.
